

Dear valued physiotherapy clients and friends,

It is with regret that we wish to inform you that due to the Government new guidance on managing the Covid-19 pandemic, the practice is temporarily closed for face to face consultations until further notice. The safety of our patients, staff and their families plus the wider community must be our top priority.

Despite the difficult situation we all find ourselves in at this time, we at Ann McLaughlin Physiotherapy would like to provide our patients in need with as much access as possible to reliable and quality advice regarding symptoms or conditions they may currently be experiencing.

If you feel you require physiotherapy intervention, advice, or support, our Musculoskeletal and Women's Health Physiotherapists are still available for consultations by phone and virtual consultations via Skype. We will still have access to your clinical records to provide each patient with the most personal advice possible and assist you with the best management strategies to assist you in this difficult time.

For those of you who we currently see at home for treatment, we will be in touch with you directly to advise further on what we may be able to do to help.

Please do not hesitate to contact us if you have any questions or would like to arrange a telephone or virtual consultation on:

[office@annmclaughlinphysio.co.uk](mailto:office@annmclaughlinphysio.co.uk), call the practice on **020 8579 2678** or one of our physiotherapists, Tim Knight, on **07798 872 601**.

Stay safe and well.

With very best wishes,

The Team at Ann McLaughlin Physiotherapy.
